Student EOPS Data Elements

DED#	DATA ELEMENT NAME	FORMAT
SE01	**STUDENT-EOPS-ELIGIBILITY-FACTOR**	**X**
This element indicates the factor by which the student qualified to participate in the EOPS program.		

Coding	Meaning
A	Not qualified for enrollment into minimum level English or Math
B	Did not graduate from high school or obtain GED
C	High school GPA below 2.5
D	Previously enrolled in remedial education
E	Other eligible characteristics/qualities

If the student was determined to be eligible according to more than one factor, enter the applicable factor which appears first in order on the list.

All students reported are considered served and they must meet Title 5 EOPS eligibility criteria according to Sections 56204 and 56220.

The main purpose of this data element is to determine the number of EOPS students served by the reporting college. In addition this element will provide information to evaluate eligibility factors which may indicate trends in the eligibility pool. The EOPS elements take the place of the EOPS Need Data and Services Report and will generate the numbers of EOPS students served for the EOPS allocation.

Title 5 regulations and EOPS Implementation Guidelines specifically define the "other eligible characteristics/qualities" for EOPS student eligibility in Code E that are currently approved by the Chancellor's Office: a) student is a first-generation college student (neither parent has successfully attended college); b) student is a member of an underrepresented group targeted by local student equity goals; c) student and the parents are non-native English speakers; d) emancipated foster youth; or e) student is a participant in a Board of Governors approved NextUp program.
